Title: kelly 22.5.03

transformed wk before pub to make it sexier
the classic was the 45 mins. mst thngs in dossier wre dbl sc but that was
single-source. one source said it took 4 minutes to set up a missile
assembly, that was misinterpreted..

most people in intel werent happy with it, beause it didnt reflect the
considered view they were putting forward

campbell

real info but unr, incl agaisnt ur wishes
not in orig draft - dull, he asked if anything else cd go in

u from africa - not nuke xpert but was v suspect, documents certainly
forged,

10-15 yrs go there was a lot of info, with the concealment and deception op
there was far less information

it was small because you dont conceal a lg prog, and because it was
actually quite hard to import things. the sanctions were effective, they did
limit programme

no usable wpns

in one of the jan - chemical reactors not destroyed by unscom, gla lined
chamber to promote chm reactions - were being used again by the iraqis,
recovered, taken
at al muthanna, not properly destroyed by un, recovered by iraqis, taken to
fallujah, and used for no-banned purposes.

the 18 chem missiles wre reported by blix, but downplayed...blix thought
they wre leftovers

i thin it 30pc likely that iraq had active cw prog in the 6 m to a year
likelier than there was bw

not much coming out of detainees, despite financial incentives...they are
in qt gd conds
in me

there has been prolif - not in terms of people walking across the iraqi
border with 20 shells, but supply chain knowledge, -plans

isg headed by a major general, below him 2 one starts, british and
australian

we dont have a gt deal of knowledge than we had before

1500 - 100 brits, 10-20 aussies- not all experts, about 20 of the brits are

it is a big handicap not to be able to draw on the expertise of russian and
german et experts

isq ba

real debate as to whether the mobile labs are what they appear to be - i is an odd piece of kit, feeling is it could be made into a fermenter, but is it a fermenter

enormous quality of documents to be exploited- .

saadi and taha were taken out of the problem...because they interfaced with the un

we've got 10-20 in custody..

why didn't they use them? in the early stages, you just have to look at the weather conditions, by the end the c2 was in total disarray.

his program was small - he couldn't have killed very many people, even if everything had gone right for him - not really mad in true meaning of word

british 1-star is john devereall, kelly will be senior brit inspector
